

Sluqe Brand Voice & Style Playbook

Voice Pillars

1. Calmly Intelligent

- **Tone Cue:** Measured pace. Confident, not forceful. No hype, no filler.
- **Example:** "Your thoughts, captured. Your memory, organized."
- **Why:** Sluqe is a thinking tool, not a megaphone. Let clarity do the talking.

2. Crisp and Minimal

- **Tone Cue:** Short sentences. No jargon. Clean structure.
- **Example:** "One tap to record. One search to remember."
- **Why:** Users are busy. Every word should earn its place.

3. Quietly Futuristic

- **Tone Cue:** Slightly forward-looking, but grounded. Emphasize usability over buzzwords.
- **Example:** "What you said last month is still searchable. And useful."
- **Why:** Sluqe is AI, but built for everyday moments. Keep it human-centric.

4. Private by Design

- **Tone Cue:** Reassuring. Subtle emphasis on security and autonomy.
- **Example:** "No uploads. No reviewers. Just your voice, your data."
- **Why:** Trust is earned with simplicity, not legalese.

Tone by Funnel Stage

Funnel Stage	Tone Description	Audio-Tone Cues
Awareness	Inquisitive, calm	Soft curiosity, inviting phrasing
Consideration	Smart, grounded	Clear articulation, steady pace
Onboarding	Reassuring, empowering	Warm confidence, simple call-to-action
